DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14, 16-28, 30-34 and 52-63 are allowed and have been renumbered as 1-44, respectively.
2. The following is an examiner's statement of reasons for allowance: Claim is allowed over the prior art of record because the examiner found, neither prior art in its entirety, nor based on the prior art, any motivation to combine any of said prior arts which teaches a method and system for reporting channel information in a wireless communication system comprising: the mobile terminal determining whether the mobile terminal satisfies a condition based on the at least one common feedback criterion; and the mobile terminal selectively providing an enhanced channel report regarding the downlink channel if the condition is satisfied, wherein the enhanced channel report provides a more detailed view of the downlink channel than the basic channel report. Therefore, the Examiner allows these features in combination with all other features recited in claims, and in view of the arguments set forth in Remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
